PROFESSIONAL SUMMARY

Recent Biomedical Engineering graduate with demonstrated clinical experience in medical equipment maintenance, calibration, and technical support. Awarded Most Diligent Intern, Best in Calibration, and Best Product Demo Performance during hospital placement showing consistent above-expectations performance from day one. Self-motivated and technically versatile, with a proven ability to learn quickly and deliver results independently. Seeking an entry-level role in technical support, biomedical equipment service, or operations in the medical field.

WORK EXPERIENCE

Biomedical Engineer Intern Jun – Jul 2024
Zamboanga City Medical Center — Zamboanga City, Philippines

- Maintained, calibrated, and provided Level 1 support for clinical medical equipment including patient monitors and ultrasound units, ensuring continuous operational readiness.
- Conducted product demonstrations and technical briefings for clinical staff on medical devices, translating complex technical information into clear, accessible language.
- Utilised 3D printing to fabricate custom components as required during the placement.
- Managed department documentation, filing systems, and administrative workflows, supporting the department's day-to-day operational efficiency.
- Practised soldering and hands-on electronics assembly as part of technical skill development.

KEY PROJECT

eM-Brace — Autonomous Wrist Splint 2024 – 2025
Final Year Thesis, Ateneo de Zamboanga University

Independently designed and built an autonomous wrist splint with integrated massage system targeting carpal tunnel syndrome relief. Integrated embedded systems (Arduino), custom 3D-printed hardware, and clinical research methodology. Demonstrates end-to-end project ownership from concept through prototype evaluation against medical standards.

EDUCATION

Bachelor of Science in Biomedical Engineering 2021 – 2025
Ateneo de Zamboanga University — Philippines

GPA: 3.23 / 4.0

CORE SKILLS

- Medical equipment maintenance & repair
- Calibration & technical support
- 3D design & printing (AutoCAD, TinkerCAD)
- Soldering & electronics assembly
- Arduino IDE · C / C++
- Python (actively developing)
- Microsoft Office Suite
- Adobe Creative Suite
- Technical documentation
- Equipment demonstrations & training

AWARDS

Most Diligent Intern

Best in Calibration

Best Product Demo Performance

Jack of All Trades Award
Zamboanga City Medical Center & ENT-HNS Medical Makerspace — 2024

LANGUAGES

English	Fluent
Tagalog	Native
Chavacano	Basic

CERTIFICATIONS

On-The-Job Training Certificate
Zamboanga City Medical Center · 2024

PCB Development & Design Workshop
Junior IECEP ADZU Chapter · 2023

Youth Volunteer Orientation Course
Philippine Red Cross · 2019

LEADERSHIP & VOLUNTEERING

Head of Creatives 2023 – 2024
Biomedical Engineering Society — Ateneo de Zamboanga University

- Led creative direction and visual communications for the society, managing design output across events and publications.

Public Information Officer 2019 – 2020
Senior Plus Red Cross Youth — Ateneo de Zamboanga University

- Managed public-facing communications and information campaigns for the university Red Cross chapter.

Creatives Member 2021 – 2022
SITEAO Academic Organisation

- Contributed to design and creative projects supporting the Science, Information Technology, and Engineering organisation.

PERSONAL PROJECTS

Personal Website 2026 – Present
cheztervargas.vercel.app

Built a personal portfolio and micro-blog from scratch using HTML, CSS, and JavaScript. Demonstrates self-directed learning and initiative beyond academic requirements.

CH3SH1RE — Personal AI Assistant 2026 – Present
github.com/LeCaseus/CH3SH1RE

Independently developing a personal AI assistant in Python with SQLite integration. Demonstrates active engagement with emerging technologies and programming skills outside of formal study.

REFEREES

Available upon request.
